GETTING IN TOUCH WITH YOUR DIVINE DESIRES

"Many people die with their
music still in them.

Why is this so?

Too often it is because they're
always getting ready to live.

Before they know it,

4) Be extremely specific. Define your new normal:

Have fun... Remember, manifesting your desires will not only benefit YOU, it will benefit so many people in the world. By creating a relationship based on GOD and PURE LOVE, you WILL be making the world a better place! By not believing deeply in what you desire, you'll stay stuck and unfulfilled. So, get clear and take action!

WORKING WITH PACHI CHANGED MY LIFE

For several years my only desire was to find that person that would make me feel really special and loved. I think had I found Aladdin's lamp and was allowed to have 3 wishes, I'd have asked him to give me my partner, and I would have returned the other two wishes. I felt that was all I needed, but somehow kept failing again and again in the love department. It was not until I worked to heal my heart, and learning to love myself as no one would love me, I began to feel special for who I was and not for what others said.

Pachi helped me change the habits that did not work for me. And when I was ready... the man I had waited for years, appeared! It was amazing to learn to look in the mirror and feel complete, even when you're by yourself.

Today I have the blessing of not only having a partner who loves me, but someone who adventure launches with me, with whom I can share my dreams, who loves my madness, my outbursts, and with who I don't have to pretend to be the "perfect" Pamela.

**"PACHI HAS A GIFT IN HELPING OTHERS SEE THEIR POTENTIAL"**

I was ready to start, but I didn't know where to begin. I was feeling scared, intimidated and like I couldn't gain the clarity on exactly what I was supposed to do, despite praying about it. I was excited, yet apprehensive. Standing on the edge, ready to jump!

Pachi has a beautiful heart and is helping others, like myself, have the courage to move forward and live our dreams.

She has a gift in helping others see their potential and gift, then empowering them to change the world.
