Working with Pachi Changed My Life

PAMELA'S STORY

For several years my only desire was to find that person that would make me feel really special and loved. I think had I found Aladdin's lamp and was allowed to have 3 wishes, I'd have asked him to give me my partner, and I would have returned the other two wishes. I felt that was all I needed, but somehow kept failing again and again in the love department.

Working with Pachi opened me to a world I didn't understand. It was not until I worked to heal my heart, and learning to love myself as no one would love me, I began to feel special for who I was and not for what others said.

Pachi helped me change the habits that did not work for me. And when I was ready... the man I had waited for years, appeared! It was amazing to learn to look in the mirror and feel complete, even when you're by yourself.

Today I have the blessing of not only having a partner who loves me, but someone who adventure launches with me, with whom I can share my dreams, who loves my madness, my outbursts, and with who I don't have to pretend to be the "perfect"

I am not able to help other women, too. My business also skyrocketed and I began to attract more of my ideal clients.
